By signing below, I certify that MBA contributions and contribution types (pre-tax and Roth elective deferrals, employer, traditional after-tax contributions, and 409A deferred compensation) made via the instructions on this form are authorized by the employer's written 403(b) or 409A plan documents. Any elective deferrals are made pursuant to a written payroll deduction agreement or a written automatic enrollment option. IRS and MBA Plan rules restrict when amounts contributed to a 403(b) plan may be distributed. I understand and agree that any amendments to the employer's written plan rules will be delivered to MBA upon implementation.

FOR CREDENTIALLED AG EVANGELISTS OR CHAPLAINS: By signing below, I certify that I am an Assemblies of God credentialed minister with ministry-related income from self-employment (reporting or able to report the income on IRS Schedule C), or employed in a ministerial capacity at an employer that is not an Assemblies of God church or institution. The 403(b) contribution I am making is related to income earned from ministerial activities. I understand that there are legal limits to what may be contributed to a 403(b) retirement account and will abide by those limits. If I stop serving in these capacities or if I terminate credentials with the Assemblies of God, I will inform AGFinancial in a timely manner so that MBA will cease withdrawing these retirement contributions.
